

If you need to travel away from home to undergo cancer treatment, we're here for you. Canadian Cancer Society Lodges offer affordable, quality accommodation and caring staff. All of our Lodges are located near treatment centres. We invite you to stay with us at any of our locations.

All Lodges are open year-round with professional nursing supervision, caring volunteer support and a host of amenities including comforting fireside lounges, activity and games rooms, exercise equipment, libraries and great food. Accommodation is provided on a shared basis with telephones and ensuite bathrooms. Rooms are wheelchair accessible and scent-free. **All Lodges are smoke-free.**

Please note that our guests must be mobile and able to manage their personal care. Alternatively, please arrange to have a support person stay with you at the Lodge.
